MESSAGE

It gives me immense pleasure to welcome you to the official website of the Sikkim State Allied and Healthcare Council.

The Council is the statutory governing body responsible for regulating 57 allied and healthcare professions grouped under 10 broad categories, with the objective of ensuring quality education, professional competence, ethical practice, and public safety. This website has been developed as a comprehensive digital platform to facilitate registration, renewal, verification, and access to authentic information for professionals, students, institutions, and the public in general.

Allied and healthcare professionals play a pivotal role in strengthening healthcare delivery systems and supporting patient care at every level. By bringing all recognized professions under a unified regulatory framework, the Council aims to promote transparency, accountability, and continuous professional development in alignment with national standards.

I commend the efforts of the Sikkim State Allied and Healthcare Council and the Department of Health & Family Welfare for their commitment to digital governance and professional regulation. I am confident that this platform will serve as a valuable resource and contribute significantly to the advancement of healthcare services in the State.

With best wishes for the continued success of the Council.

G. T. DHUNGEL
MINISTER
Health & F.W. & Ay. & C. Deptt.
Government of Sikkim
