TASHILING, GANGTOK

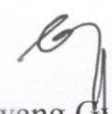

MESSAGE

It gives me great pleasure to share my message through the platform of Sikkim State Allied and Healthcare Council, constituted under the National Commission for Allied and Healthcare Professions (NCAHP) Act, 2021. The Council represents 10 broad categories encompassing 57 allied and healthcare professions highlighting the vital contribution of this workforce to our healthcare system. Allied and Healthcare Professionals ensure quality, accessible and patient-centered healthcare services across the state. Their dedication, expertise, and compassionate service strengthen our healthcare institutions and significantly improve patient care and outcomes. The Council's role in regulating and recognizing institutions and professionals is crucial in maintaining high standards of education, ethical practice and professional excellence in Sikkim.

I am confident that the Council will continue to play a transformative role in elevating allied and healthcare services and contributing towards a healthier, stronger and more inclusive Sikkim.

With best wishes!
